

Metabolic Subsystems

ecsk1sm

Metabolic Subsystem

Exchange/demand reaction
Transport, extracellular
Glycerophospholipid me...
Mucin O-glycan degrada...
Fatty acid synthesis
Nucleotide interconver...
Cell wall biosynthesis
Glycolysis/gluconeogen...
Arginine and proline m...
Pentose phosphate pathway
Respiration
Lipopolysaccharide bio...
Folate metabolism
Phenylalanine metabolism
Valine, leucine, and i...
Pyrimidine synthesis
Citric acid cycle
Pyruvate metabolism
Glycine, serine, alani...

Reaction Type
